STORY DEADLOCKED IN MURDER CASE OF MRS. CARMAN

After Deliberating for Several Hours, the Twelve Men Have Been Unable to Agree on a Verdict.

MRS. CARMAN NERVOUS ABOUT DELAY OF JURY

In Summing Up, the District Attorney Was Very Severe on Mrs. Carman and Her Relatives.

Minneapolis, N. Y., October 23.—The Carman jury was still out at 9:30 o'clock and the prospects of a verdict during the night seemed small.

Minneapolis, N. Y., October 23.—The jury in the case of Mrs. Florence Constance Carman, after listening all the afternoon and evening to the summing up of the defense and the prosecution and the charge of Justice Charles H. Kelly, retired at 9:45 o'clock tonight to begin its deliberations.

At midnight the Carman jury was still out. It had been deliberating two hours and fifteen minutes.

During the first hour of the jury's deliberations Mrs. Carman remained in the chambers at the rear of the court. An hour and five minutes after the jury had retired it sent out a request for some testimony.

Mrs. Carman, highly nervous, was brought out into the court room. Three women friends and a prison guard followed her. She took her seat at the counsel-table. The jury then suddenly decided it did not desire the testimony and the defendant was led back to the chambers.

Directed the State's Case.

The defense of the woman charged with the murder of Mrs. Louise Bailey rested its case in the morning session and several witnesses in rebuttal were called.

Then for more than three hours and a half John J. Graham, Mrs. Carman's chief counsel, dissected the state's case. He severely criticized the district attorney's methods of conducting the case, particularly referring to the manner in which the prosecution had handled the testimony of Celia Coleman and Frank Farwell.

In summing up his case, District Attorney Smith painted Mrs. Carman as a calculating, scheming woman who deliberately murdered under the spur of jealousy. He laid emphasis on the testimony of the negroes, Celia Coleman, and Farwell, who had testified that the murder was "an inside job," and that the servant, if anyone, would be the person to tell about it. Had he allowed the girl to stay in the house, he said, she would have been killed by the influence of the Carman family. He excused her alleged insanity, which was asserted by her own words—that she was "sorry for Mrs. Carman."

"I tell you, gentlemen, I know this was an inside job," said the district attorney. "I determined to get the truth and went after the person who knew about every part of it. And I tell you this negro girl has been an unswerving witness."

The district attorney vigorously defended the girl, then started in to analyze the case.

"You can't expect any enlightenment from the testimony of a negro girl who has a vital interest in the outcome."

False Swearing Charged.

"Don't you think it would be hard for a woman to come down here after hearing a noise, finding out that a woman had been shot and then not have the curiosity to go into the doctor's office and see who it was?"

The district attorney then took up the testimony of other members of the Carman family and said it was untrue as the witnesses had motives to testify falsely.

"Now," he went on, "I tell you why Mrs. Carman said it shot him, dropped on the floor, being the opening chair, so she thought the bullet had hit him."

"I don't know whether or not it was a case of mistaken identity regarding the bullet," he said, "but I know it was Mrs. Carman's tale."

The district attorney severely cross-examined Norton for his actions in the case from which he had been excluded, and then testified about the bloodstains on the floor.

In conclusion the district attorney promised that the fact that the defendant was a woman would not affect their good judgment. It was then 11 o'clock and a recess was taken for dinner.

The family of the murdered woman were in court all day.

After Long Negotiation the Bankers and Federal Reserve Board Members Have Reached an Agreement.

\$35,000,000 OF THE FUND TO BE RAISED IN SOUTH

New York Will Put Up \$50,000,000 and the Other \$50,000,000 Will Come From Non-Cotton States—Reserve Board Will Control Loans.

Washington, October 23.—After weeks of negotiation between bankers and federal reserve board members a tentative agreement was reached tonight when the board virtually approved, by which a fund of \$135,000,000 will be raised to care for the cotton crop and extend aid to cotton producers. The plan is slightly different from that originally proposed, but loans will be made on cotton at 6 cents a pound bearing interest of not more than 6 per cent for one year, with a privilege of six months' extension.

The reserve board will have direct supervision of the fund, but probably will operate through a committee of bankers and business men.

All details of the plan were not made public tonight. New York bankers have agreed to subscribe \$50,000,000 to the fund, and southern banks are expected to contribute the balance.

The remaining \$35,000,000 is to be raised in non-cotton producing states.

Secretary McAdoo outlined the plan tonight in the following statement:

The federal reserve board today continued consideration of plans for relief of the cotton situation, giving special attention to a plan suggested by Albert R. Wiggins, J. S. Alexander, J. S. Smith and William Woodward, of New York, and F. W. Wade, of New Orleans, for the raising of a cotton loan fund aggregating \$135,000,000. This plan has been evolved from that originally proposed by Mr. Wade. Details cannot be given until it is submitted to bankers in New York and elsewhere to ascertain whether or not they will support it.

The plan is to have the fund administered by the federal reserve board and banks in the cotton producing states. It is to be used for extending credit to cotton producers and for other purposes.

THE CAPTIVE!

\$7,000,000 of Emergency Currency Is Taken Out By Ga. National Banks

\$9,000,000 More Will Be Called Into Requisition as Soon as Sufficient Cotton Receipts Are Offered.

National banks members of the National Currency association, have already taken out over \$7,000,000 of emergency currency.

This information given out at the conclusion of its executive committee's meeting in Atlanta Saturday.

It was also made known that Georgia is using 25 per cent of all the emergency currency that has been issued in the nine cotton states.

No stronger demonstration could be made by the national banks of their determination to give the greatest relief to the cotton situation.

With \$7,000,000 of this money added to the circulation of Georgia, there remains \$4,000,000 that will be called into requisition as soon as sufficient cotton receipts are offered to command it.

Taking Their Full Quota.

Georgia has 115 national banks. Of them, 22 constitute the Georgia National Currency association, and their resources entitle them to put \$1,152,000 in circulation based on cotton and commercial paper.

Seven-eighths of this have already been taken out. The balance will be taken out depends upon the quantity of cotton receipts. The banks stand ready to obtain the money as fast as eligible security—which is cotton certificates—is placed in their hands.

To the present time both cotton warehouse receipts and commercial paper have been used to obtain the currency. The remaining currency, practically \$3,000,000, is expected to be secured very largely by cotton.

The difficulty which now confronts the banks is the quantity of cotton which is being held on farms, very largely unprotected from the elements and consequently subject to rapid deterioration.

BATTLE OF TANS

FEROCELY RAGING WITHOUT DECISION

Immense Armies Continue to Pound Each Other on Lines Extending From the North Sea to Swiss Frontier in West and From Baltic to Carpathians in East.

ALLIES ADVANCE AT SOME POINTS AND GERMAN FORCES AT OTHERS

Neither Side, However, Claims Anything in Nature of Definite Success in Fighting in Belgium and France—Losses on Both Sides Are Tremendous, and It Seems Certain a Decision Cannot Be Very Much Longer Delayed—Russians Report the Austrians and Germans in Retreat.

Geneva, October 24.—(Via Paris.)—A Basel telegram confirms the retirement of General Helmuth von Moltke as chief of the German general staff on October 22. He requested to be relieved because of ill health. His resignation was accepted, but it is not known who will succeed him.

German Submarine Is Sunk

London, October 24.—A German submarine has been rammed and sunk by the British destroyer Badger, Commander Charles Freemantle, off the Dutch coast. The Badger's bow was somewhat damaged.

This official announcement was made tonight.

Ceaseless Hammering Is Done.

By the Armies of Belligerents

London, October 24.—The immense armies of the belligerent powers continue to hammer each other ceaselessly on lines extending from the North sea to the Swiss frontier in the west, and from the Baltic sea to the Carpathians in the east. The net result, however, so far as can be judged from official reports issued tonight, is that they gain a little here only to lose a little elsewhere.

RUSSIAN FORCES PRESS GERMAN AND AUSTRIAN

Petrograd Claims That the Kaiser's Forces Have Been Decisively Repulsed Near Warsaw and at Ivangorod.

Petrograd, October 24.—(Via London.)—Petrograd is astir over the reported repulse of the Germans at Warsaw and at Ivangorod.

Military authorities, however, are anxious to magnify the importance of the German withdrawal, are preparing to make an assault upon the Russian aggressive. Russian troops are streaming toward Warsaw and Ivangorod.

Dispatches from Grand Duke Nicholas, field commander of the Russian forces, declare that the Russian army is of great intensity.

Pressing known in Petrograd. An official communique issued by general headquarters tonight says: "Our troops beyond the Vistula are pressing the armies of the enemy in the north of the Vistula river. The Germans are offering only feeble resistance. They have been driven back as far as Bialystok."

"South of the Vistula, on the route to Radom, we have forced the Austro-German troops to engage in a series of hand-to-hand combats."

On October 23 the fighting line extended 40 versts (13 miles). At certain points the engagements took on the character of hand-to-hand combat.

"In the forest around Radom several of our infantry regiments were carried off by bayonet attacks. At other points they have taken prisoners and captured arms."

Offering Strong Opposition.

Above the River Ivangorod the Austro-German forces are offering strong opposition.

NELMS HERE TO FORGE CHAIN AROUND INNES

Brother of Missing Girls Wants to Have Prisoners Indicted in Fulton County.

Marshall Nelms has returned to Atlanta to forge a chain of prosecution around Victor E. Innes and his wife, who are charged with causing the disappearance of the Nelms sisters, so that escape will be impossible, even though Texas courts fell down entirely in their efforts to convict.

He arrived Saturday morning from Birmingham, where he consulted with authorities in regard to prosecuting Innes and his wife in Alabama in event they were not executed for murder in Texas. In Atlanta he visited Solicitor General Hugh M. Dorsey, seeking to prepare indictments against the accused man and woman in Fulton county.

Leaving Atlanta, he will, in all probability, go to Tennessee and Louisiana authorities and forge other links to his chain. All these will be on the ground of conspiracy to murder, which, he charges, was plotted in Georgia, Alabama, Tennessee and Louisiana, as well as Texas.

Texas laws require that the body or identifiable parts of the victim, must be submitted by the prosecution. The state, however, according to Nelms, is concealing the body and the charge of conspiracy, which would send the suspects to prison for a term of not more than ten years.

Nelms' idea is to have them also indicted in Alabama, Georgia, and, if possible, Tennessee and Louisiana. The Georgia laws are being considered by the solicitor general, Attorney Joseph Arnold and Nelms. Tuesday afternoon it will be decided whether or not the matter will be submitted to the grand jury.

"I have no doubt whatever," Nelms said, "that Innes and his wife will be convicted in San Antonio. We have a world of evidence against them."

Nelms will return to San Antonio Wednesday.

Massengale Is Anxious To Hear From Chairmen About Election Ballots

St. Elmo Massengale, secretary of the state democratic executive committee, announces that he has not heard from a large number of the chairmen of the county committees relative to the election of ballots.

Mr. Massengale asks that each chairman of the county committee in the state who has not informed him in the ballot have been properly printed, according to the specifications of the state committee, do so at once.

Mr. Massengale has just mailed a letter to the ordinary of each delinquent county asking him to co-operate with the county committee in having this matter attended to promptly.

ROTARY CLUB MEETS AT WINECOTT MONDAY

Although the public opening of the House Winecott's southern gardens will not occur until Tuesday night, the Rotary club has engaged the gardens for their semi-monthly meeting on Monday night.

The remaining paraphernalia for the new gardens arrived Saturday. By Monday night the decorating will be completed, the feature of which will be artificial crimson and variegated tangerine roses, numbering over 3,000.

Professor W. W. Hubner, musical director at the Atlanta theater, has been engaged to lead the orchestra at the Winecott. Mrs. Frank Pearson, the well-known soprano soloist, will also be on the program regularly. Her part has been engaged to play the flute, but she did not master the pronunciation of his name, far less the spelling of it.

Mrs. G. T. Guernsey Will Offer For President General D. A. R.

The Daughters of the American Revolution of the state of Kansas have announced that Mrs. George T. Guernsey, Indianapolis, Indiana, who is the present state regent, will offer for the office of president general in 1915, having been inactively indorsed by her state and chapter.

She has been one of the most prominent figures in the affairs of the society in the west for a number of years and has for the past six years been one of the most popular members attending the annual meetings of the continental congress held in Washington.

She is a native of Ohio. Her father, a clergyman, being from Virginia, and her mother from Pennsylvania. She is the wife of a banker, and added to a charming personality, she is a woman of splendid executive ability.

The following is her platform: 1. Elimination of all party lines. 2. One term of three years, with no re-election for all national officers. 3. To prevent the distractions consequent upon a campaign for a second term.

All elected officers to have complete and unhampered control of their own affairs. 4. No mileage for officers or committee members. 5. Regular board meetings to be held every two months.

6. A committee of appeals to be organized in each state or chapter, whose decisions shall be final. 7. A magazine to be restored to publication by a responsible firm. 8. A "fair and square" deal for every daughter.

JUDGE BROYLES RESIGNS. AID BELGIAN SUFFERERS.

George Johnson Will Doubtless Benefit Vaudeville Show Will Be Given at the Grand.

Recorder Nash R. Broyles will cease to be "Judge Broyles" after November 15, the date upon which he becomes judge of the court of appeals.

Recorder Broyles tendered his resignation to the mayor and general council Saturday morning. He was nominated to a seat on the court of appeals bench and will assume the place to which he has been elevated by the voters of Georgia soon after the returns of the election which will be held on November 15.

It is understood that council will elect George E. Johnson to the place which Judge Broyles will vacate. Mr. Johnson was elected recorder in the recent city primary over three other candidates, but his term to which he has been elected by the people does not begin until next July.

Judge Broyles' resignation is as follows: "To the Mayor and General Council of the City of Atlanta, Georgia: I herewith tender my resignation as recorder, to take effect on the 15th day of November next. While gratified at the promotion by the people of Georgia to the court of appeals, it is with genuine regret that I sever my official relations with the city of Atlanta. I have served here for nearly sixteen years as recorder, longer than any of my predecessors in that office, and I shall always be grateful to my fellow citizens for their constant and unwavering support of my administration of the law."

He believes that today Atlanta is the most law-abiding city in the union. That she may continue to grow in civility, peace and righteousness is my earnest prayer. NASH R. BROYLES."

COLORED STATE FAIR
BIGGER AND BETTER
THAN EVER THIS YEAR

Macon, Ga., October 4.—(Special).—At the colored state fair, which will be held in Macon November 18-23, attention will be given to farming and cattle raising, and all the colored farmers who attend will be urged to raise less cotton next year and more food-stuffs, more hogs and more cattle. The colored farmers are quite a factor in Georgia, and if they will turn their attention to the diversification of the crops a long step will have been taken in the right direction.

President H. H. Wright, of the colored state fair, announces that all arrangements for the fair have been completed and that there will be more exhibits and a larger premium list this year than ever before. The most liberal premiums are offered for cotton, cottonseed, oats, rice, corn, sorghum, and all kinds of fruit, vegetables and all kinds of hogs and cattle. In addition to these, there are premiums for domestic work. Colored farmers and their wives are urged to bring their exhibits to the fair. Everything that is considered worthy of a premium and some farmers from this section may win several of the premiums.

The amusement features this year are also better than ever. The famous roller coaster, which will be used during the whole state fair, is leased, and it will prove quite an attraction. It is the largest roller coaster ever seen in the south. It cost \$1,000, and will be kept in Macon as a permanent amusement. The midway will be crowded with all kinds of new and interesting games, and there will be horse racing in addition to all these there will be a special trip to the fair to see the state fair.

Anna Wade Richardson,
Famous Negro Educator,
Dies at Marshallville

Marshallville, Ga., October 24.—(Special).—Anna Wade Richardson, founder of Leeson Normal school, and who was one of the most remarkable negro women in Georgia, died here yesterday.

Her parents were owned by Dr. J. D. Wade. When a child she was ambitious to obtain an education. Securing assistance, especially from northern sympathizers, she was graduated from Atlanta university, and also from a college in Boston.

She made her life-work teaching and uplifting her race. Through her efforts she secured funds from northern sympathizers sufficient to build a commodious school and dormitory for Leeson Normal school, of which she was president for about twenty-five years.

Nashville, Ga., October 24.—(Special).—The Berrien County Corn-club show, which has just closed, was the biggest event of the year. It surpassed all previous corn shows held here in all respects.

The largest crowd ever seen in Nashville was here on the last day, which was October 21.

The five boys who raised the most corn on one acre each will be given a free scholarship in the agricultural department of the State university.

Master Ben Giddens, who won first prize last year, with 115 bushels on one acre, again took the first prize. This year he raised 132 7-100 bushels on an acre at a total cost of only \$17.50.

The Douglas band furnished music for the occasion.

DECISION EXPECTED
IN YARYAN SALE CASE

Brunswick, Ga., October 24.—(Special).—A decision from the United States court of appeals is expected early next week in the famous case of the Yaryan Naval Stores company, and upon this decision depends much as to the future of the case. The decision is on the petition of one of the factions of stockholders to set aside the sale of the plants at Brunswick and Sapulpa, Miss., on the ground that Judge Sheppard was without jurisdiction in ordering the sale of these plants. In the event the action of Judge Sheppard is confirmed, then the plants will be turned over to their purchasers, but if the higher court decides that Judge Sheppard was without jurisdiction, then the case will probably go through the bankruptcy court in Ohio, which interest is manifested here in the decision.

ROME ATHLETIC CLUB
READY FOR BUSINESS

Rome, Ga., October 24.—(Special).—The Rome Athletic club, which has members on its rolls ninety-eight young men, has perfected a permanent organization with John L. Harris as president; H. M. Wyatt, vice president; Carl Betts, secretary; and Robert Berry, treasurer. These officers will make up the board of directors. The club has given up quarters in the city street, with a gymnasium and basketball court.

THOUSANDS ATTEND
SINGERS' MEETING

Euftaula, Ala., October 24.—(Special).—Several thousand visitors are attending the annual convention of the Barbour and Henry County Musical association, now in session at Belcher Bethel church, in the lower portion of the county. The singing is being led by well-known Sacred Harp singers of both counties.

STRING OF FIFTY
WILL RACE IN ROME

Rome, Ga., October 24.—(Special).—Three days of horse racing will be given in Rome by the Washington Turf and Thoroughbred racing association on Thursday and Friday of next week. A string of fifty horses will be among the best ever met together in the south, and a brilliant horse race will be given at the track of George G. Stiles, west of Rome.

ONLY TWENTY-SIX MEN
READY TO VOTE IN ROME

Rome, Ga., October 24.—(Special).—There is apparently little interest in the election on commission form of government, to be held November 24. In order to vote in the election it is necessary to pay taxes for 1914, and to date but twenty-six men have registered.

Monday another gala day in our dress goods section

Popular woolsens

A notable display of stylish broadcloths

---at popular prices at \$1.00 Yard

2,500 yds. Imported sponged and shrunk broadcloths 52 inches

We expect to reach this week high-water mark in our wonderful selling of popular wool and silk and wool fabrics for ladies' misses' and children's dresses, suits and wraps. To make the sale attractive, we shall offer \$1.25 and \$1.50 values at \$1.00, as follows:—

- 42-inch gabardine serges, all colors
- 52-inch storm serges, extra qualities
- 42-inch French serges, hard finish
- 44-inch French poplins, lustre finish
- 42-inch crepe epingles, in all shades
- 42-inch silk and wool crepes
- 52-inch sponged and shrunk granites
- 44-inch wool armures, lustre finish
- 42-inch tailor serge suitings
- 45-inch wool satins, black only

This event will quicken the enthusiasm among smart shoppers. The season's most favored fabric. A \$2.00 value at \$1.50 yd.

This is one of the best values we have ever offered, and consists of about 2,500 yards of imported broadcloths, fully 52 inches wide, sponged and shrunk, velvet surface, lustrous finish, twenty-two popular colors. These have just arrived, and will be shown for the first time tomorrow in our popular dress goods section.

Luckily we gave the order for them in the early spring, and although they have been somewhat delayed in transit, from the other side, they come at an opportune moment to emphasize our great sale of dress woolsens.

At regular prices, in any store hereabout (where they can be found at all), they would be \$2 to \$2.50 a yard.

You can buy them from us tomorrow in cadet, wistaria, leaf, stone gray, china blue, Afro brown, gendarme blue, olive, Prussian green, taupe, Austrian green, wine, garnet, tan and navy.

:: Our suits strike the keynote of popular favor ::

Beautiful reproductions of foreign suits

Suits of broadcloths, gabardines, wool poplins, French serges

A great showing of about one hundred assorted suits in original styles, in several modes, some of them featuring long redingote effects, others long straightline coats with yoke fronts. Many new styles of skirts are being shown, notably skirts with tunics, flared panels, and others with popular yoke effects.

In this line of pretty suits you will find several styles of semi-dress suits in various materials, in redingote and Russian tunic styles. The broadcloths are of fine materials, in several new models, with yoke skirts cut on straight tailored lines. Many of these styles are trimmed with silk plushes, velvets and satins, many new materials in trimmings being shown.

Thought, originality and care are evident in every piece. Of course, the colors are right. Russian green, Afro brown, midnight navy, Prussian blue, seal brown, black and combinations, all sizes, both young ladies' and women's.

\$25.00 to \$50.00

Another example of real value-giving in silk section

A great sale of attractive crepe de chine

Popular silks

1,000 yards Imported all silk crepe de chine 40-inch

---modestly priced at \$1.00 yard

This sale will crowd our silk section, as it introduces a \$2.00 value imported crepe de chine, at \$1.50 yard

A New York importing house, famous for supplying fine dressmakers' trade throughout the country, has turned to us as the outlet for his surplus stock of more than 1,000 yards of imported crepe de chine.

They will go on sale Monday at \$1.50 a yard, and will prove to be one of the greatest attractions ever offered by our silk department, which already has a wonderful record for striking value-giving.

As is known to all good dressers, this fabric lends itself most charmingly to the making of negligees, petticoats, dressing jackets, waists and all items of a well dressed woman's wardrobe, as well as being a supreme fabric favored by fashion this season for evening, street, dinner and afternoon dresses. This fabric, if found at all, cannot be seen otherwheres at less than \$2.00 a yard. It is shown in all good colors and black and white at \$1.50 a yard.

Several new models in dressy blouses at one price Monday. The very latest style blouses will be shown in pretty blouses of crepes, laces over chiffons, pussy willow taffetas and mourning waists and wash silk blouses all good colors at this popular price.

Separate skirts are becoming quite a feature this season and promises to become more and more popular as the autumn advances. Copies of best imported models will be shown here tomorrow at a popular price, including all of the new yoke styles and tunic styles.

In brilliant silks, in jerseys, satins, crepes, messalines and taffetas. Unusually splendid values tomorrow in all good colors in every approved style of flounces, tucks, plaatings, many lace trimmed styles are included.

Oriental silk sweaters in two-toned effects of red and black, green and gold, purple and gold, also in solid colors of green and red; included in the assortment are all-wool sweaters with rolling Byron collars in navies, blacks, reds, oxfords and white.

MISS LUCY STOCKARD.

Whose marriage to Mr. Albert Barton White, of Birmingham, will be an interesting event of this month.

Meyers-Sugarman Wedding

One of the most beautiful weddings of the season was the Meyers-Sugarman wedding, held at the Educational Alliance hall, Tuesday evening, October 20, at 8:30 p. m. The bride was Miss Ida Meyers, daughter of Mr. and Mrs. I. Meyers. The groom, Mr. Samuel L. Sugarman, is the son of Mr. and Mrs. M. L. Sugarman. Miss Rosa Meyers, sister of the bride, was maid of honor. Mr. Meyer L. Sugarman, brother of the groom, was best man. The bridesmaids were Miss Rosa Sugarman, Miss Hae Hadas and Miss Sara Mendel; the groomsmen were Mr. Isaac Taylor, Mr. Isaac Hirschowitz and Mr. Leon Sugarman.

The bride wore a beautiful duchess satin gown, trimmed with real lace and pearl ornaments. The maid of honor wore a handsome white crepe metero-trimmed with lace and accordion plaitings and carried a shower bouquet of pink Killarney roses. The bridesmaids carried shower bouquets of American Beauty roses. The bridesmaids wore white crepe metero gowns trimmed with hand-made ornaments, crystal bands and Chantilly lace.

Mrs. M. L. Sugarman, mother of the groom, wore a handsome brocaded black satin trimmed with white lace, jet and a touch of gold. A corsage bouquet of red carnations.

Mrs. I. Meyers, mother of the bride, wore a handsome gray satin trimmed with silver lace. Her corsage was of red carnations. The color scheme was red and white. The hall was beautifully decorated with palms and red and white decorations. The dining-room was beautifully decorated.

After the ceremony 160 guests were served with an elaborate supper. The bride and groom left for a honeymoon trip to Cincinnati, Dayton, Corvinton and Chicago.

Ogilvie School.

An enthusiastic meeting of the Parent-Teacher association was held on Friday afternoon, June 9, 1933, at the Ogilvie school. This was the first meeting of the association since the school was closed for the summer. The meeting was held for the betterment of the conditions surrounding the school.

The meeting was presided over by the Recreation and Playground association. The meeting was held for the betterment of the needs of the city for such a movement as he represents, and the association promised to further this movement.

The Parent-Teacher association, of the Ogilvie school, was held on Friday afternoon, June 9, 1933, at the Ogilvie school.

The principal of this school, together with her assistants, secured permission from the owner to use and beautify the vacant lots adjoining the school grounds. This is to be the work of the seventh grades A and B. As an unincorporated vacant lot is always adjacent to a school, this is a move in the right direction to make Atlanta a "city beautiful," besides being a preventive of the evils of mispent leisure among the children, as most of this work will be done in the afternoon, under the supervision of a teacher.

THE DECATUR PARENT-TEACHER ASSOCIATION

The Decatur Parent-Teacher association held its second fall meeting Thursday, October 15, at 3:30 o'clock in the evening at the Hotel Decatur.

The girls in the sixth and seventh grades presented a fine skit and song. The high school girls were invited to sing and recite. The principal presented an interesting paper on "The School as a Social Center." The principal's announcement weather this was postponed.

Following the presentation of the principal's paper, the following officers were elected: President, Mrs. J. H. Smith; Vice President, Mrs. Frank Doughman; Secretary, Mrs. J. H. Smith; Treasurer, Mrs. J. H. Smith.

ONE BELIEVED THAT SAFETY OF THE CAPITAL, AND PERHAPS OF FRANCE, DEPENDS ON TITANIC BATTLE NOW RAGING.

Paris, October 24.—Paris has lived through another tense day, with no decisive news of the battle on which the safety of the capital and perhaps of France, is believed to depend. Anxiety has increased all the week. It has seemed as though each day must see the culmination of the titanic efforts of the two great armies.

Paris shops which have been doing much business since the first of the month, are nearly empty again, while the crowds have increased around the newspaper offices, decreasing the fragments of news posted on bulletin boards.

The crowd is greatest at the headquarters of the military government of Paris, in the Boulevard des Invalides, where official announcements are issued. The people gather also at the Ville Gate, through which runs the main highway toward the north, to see the dispatch bearers arriving in motor cars or on motor cycles.

Fighting in Heart of Paris.
Fighting is proceeding within one hour's ride of Paris, where the roads are clear. Some persons say that when the wind is right cannonading can be heard in the northern suburbs.

Convoy of automobiles and ambulances from Paris hospitals have gone to the front to convey the wounded. Paris, but to hospitals near the front lines. Extraordinary precautions are being taken against wheeled vehicles, including bicycles, leaving the limits of the so-called entrenched zone.

The minister of war will not grant a permit to approach within twenty miles of the fighting line. The minister of war will not grant a permit to approach within twenty miles of the fighting line.

CITIZENS OF LOUVAIN ACCUSED BY BELGIANS.
Amsterdam, October 24.—(Via London, 150 a. m.)—The examination of German and Belgian witnesses at the judicial inquiry into the destruction of Louvain, Belgium, has been concluded, according to a Brussels dispatch. The message says the testimony showed that on August 20 the inhabitants of Louvain signalled to Belgian troops advancing toward the city.

KAISER DENIES SNEER AT THE BRITISH ARMY.
London, October 24.—The American correspondent of Reuters' cable in denouncing as "entirely unfounded" the statement that Kaiser Wilhelm had been repeatedly in the English press that Kaiser Wilhelm, at Aisne-Chappelle, on August 9, issued an order in which he characterized the British expeditionary force as "the contemptible British army."

The telegram declares the emperor had not seen at Aisne-Chappelle since the beginning of the war and never issued such an order.

AMERICAN OIL PROTEST BEFORE GREAT BRITAIN TO KEEP OIL FROM GERMANY—ENGLAND ADOPTS AMERICAN DOCTRINE.

London, October 24.—The American protest against the British seizure of the American oil ship, the subject of a ministerial conference today, but no decision was reached.

GERMANY GET ONE OIL SHIPMENT.
Washington, October 24.—Private letters received at the British embassy here from Denmark state that one big vessel in Copenhagen to the German naval base at Kiel.

The British ambassador discussed the subject of the oil ship with the German ambassador, who explained the position of the British government, which in brief is that the doctrine of contraband of war is not applicable to oil.

The entire question, it is believed, will be referred to the arbitration tribunal. The American government is not in a position to support the British position.

ANTWERP IS RETURNING TO NORMAL CONDITIONS. REFUGEES ARE DRIFTING BACK. NO TRIBUTE HAS BEEN LEVIED BY THE GERMANS.

Antwerp, October 24.—(Via Rotterdam to London, October 24.)—Antwerp is returning to normal conditions. About 150,000 of its inhabitants, most of whom fled the city when the Germans occupied it, have returned.

Some shops are opening in the poorer sections of the city and a few women with dog carts are offering apples and vegetables in the open markets. The German flag flies from the tower of the cathedral at Notre Dame, but Belgian flags are also flying.

Belgium, German soldiers and German officers, many of whom have been kept in the leading hotels, which have been kept open for the army.

General von Ruyne has given an order to the Belgians not to return to the city. Every citizen is to be kept in the city.

NEWS OF THE WAR SUMMARIZED

The situation along the North sea coast and for many miles to the south appears to have changed little in the last few days. The continuation of the great battle that has been in progress since the coast toward French supports is reported in official dispatches, and apparently the fire of the opposing forces is becoming more desperate than ever, with charges and counter charges on both sides.

Germany is said to have sent many thousands of reinforcements to aid the fight in forcing its way through what is from a strategic viewpoint, the most important piece of territory in northern Belgium. The Belgians are fighting hard and there is no doubt that French reinforcements and more Belgian troops have been brought up to aid the allied armies.

The latest French official communication declares all attacks of the German from the North to the south of Arras have been repulsed, which is more optimistic. View from the French standpoint that that expressed in an earlier announcement that the Germans had made headway at certain points.

In addition, the French have occupied the important position of Melun, which commands the roads leading to Paris. The French have also captured the important position of Melun, which commands the roads leading to Paris.

350,000 PRISONERS TAKEN BY GERMANS.
New York, October 24.—Records of the German war office, according to Dr. William A. Spring, formerly of Boston, on September 16, showed a detailed list of 350,000 prisoners taken by the German army and detained in military camps. Dr. Spring, who has been a correspondent for the New York Times, says that the German army has taken 350,000 prisoners.

WILL DISCUSS PEACE HERE, STATES WEST

Washington will stage the last scene of the conflict which has torn Europe asunder, according to Senator William R. West, who returned from Washington Saturday.

It is the belief of Senator West that the terms of peace will be made in the north, and it would not be surprising to me if the peace pact is signed in Washington.

Senator West explained that he was on friendly terms with the nations of the north, and it would not be surprising to me if the peace pact is signed in Washington.

FORWARD PASSES DOWN ALABAMA

Tennessee Wins the First Game From "Thin Red Line" in Twelve Years. Score Is 17 to 7.

Knoxville, Tenn., October 24.—Tennessee defeated the University of Alabama today, 17 to 7. The game was featured by the team work of Tennessee and the line blocking of the Tennessee halves. Tennessee's scores resulted from two touchdowns in the first period and a goal from the field in the second period.

The first touchdown was scored after seven minutes of play on a forward pass, which fell to the hands of Captain Lane, who carried it for a touchdown. The second touchdown was scored after 12 minutes of play on a forward pass, which fell to the hands of Captain Lane, who carried it for a touchdown. The third touchdown was scored after 17 minutes of play on a forward pass, which fell to the hands of Captain Lane, who carried it for a touchdown.

Joplin, Alabama's regular quarterback, against whom playing a protest was filed by Tennessee Thursday, did not participate in the game. Tennessee's victory was a surprise to many, as Alabama had been considered the favorite.

PACKEY M'FARLAND RETURNS TO GAME

Stockyards Champion Seems Serious in Pulling a "Come-Back."

New York, October 24.—(Special.)—Well, look who's back. No other than Mr. Packey McFarland, the champion stockyard fighter, who is making a noise like a regular fighter again. The story is serious about getting back in the ring after retirement from the ring following his marriage, or is it a stunt of the youngster to get some free advertising for the particular brand of brew he turns out in Joliet, Ill.

Personally, I hope McFarland intends to return. We miss that boy, and notwithstanding the knocks he has taken, he is still a champion. The best of the weight class, none misses him more than those who have known him. Packey was always made material for a story, and as a ring entertainer he has been in the business. Everyone McFarland ever matched with had a chance to knock the clever Chicagoan's block off before they met, but once in the ring the result was always the same old story.

Packey's challenge to Welch reads like business at the present writing. It looks as though Packey is about to get back in the ring. The only boy who would not fight him is the one who has been defeated by him. The only boy who has been defeated by him is the one who has been defeated by him.

The strong Newman High school team defeated the Fourth District Agricultural and Mechanical college this afternoon, 12 to 0. Although the day was a bad one for football, yet there was a very large crowd to witness the fierce struggle.

The features of the game were the line-plugging of Powell and Carpenter, who gained at least 5 yards at every attempt, and the long end run of Camp and Powell. The Newman line held firm, and the Agricultural team was unable to penetrate this strong defense. Halum featured for the A. & M. boys but received painful injuries during the third quarter, while trying to stop an end run by Camp.

The local play went West Point High next Friday, and the game is looked forward to as being a very interesting one, as that city is reputed as having a very strong team.

The local football fans are very much pleased with the coaching of White, a former Wake Forest star, as he has developed a very strong team, considering the light material.

The Greatest Exposition In the South

HAVE SPENT \$10,000.00

To give the people of Atlanta the most modern and completely equipped dental offices in the south. This has been my life ambition through a successful dental practice of 24 years. I believe I have achieved it, and I cordially invite your visit, your inspection and your patronage. **E. G. GRIFFIN, D.D.S.**

Arrangements Are Perfect

The arrangements of the new Gate City Dental Rooms are practically perfect. You enter the reception room done and furnished in mahogany, and are at once impressed by the soft and inviting color tones of ceiling, walls and velvet floor covering. There is no sign of operating room in sight. These are screened as effectively by opaque glass as if they were not in the same building. Every piece of furniture, every implement, everything, is new—absolutely new and clean. Adequate description in brief space is impossible. You must see to appreciate.

ATTRACTIVE RECEPTION ROOM IN Dr. E. G. GRIFFIN'S NEW GATE CITY DENTAL OFFICES.

ONE of the NIGHT LIGHT AIRY and SANITARY OPERATING ROOMS. Not an instrument in sight.

My Great Faith In My Home City

It is my great faith in Atlanta, my home city, which has prompted me to go to this extraordinary expense at a time of well-known business depression. I have spent more than \$10,000 to give Atlanta the best dental rooms in the south at a time when others are retrenching. I have done this because I know how to appreciate the Atlanta Spirit which has made Atlanta grow, and will continue to make it grow as no other city in the south. In my opinion, Atlanta and prosperity come pretty near being synonymous.

No Expense Spared

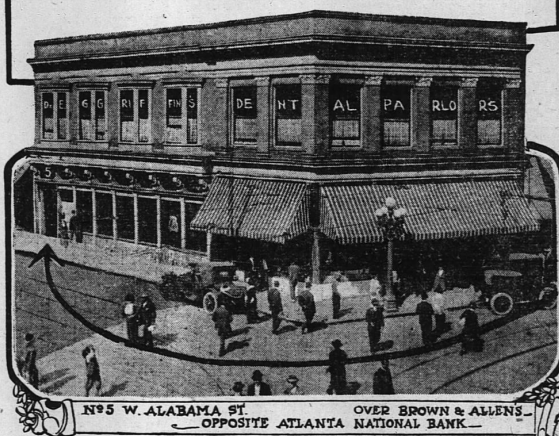

I have spared no expense to give you the best that modern dentistry affords. In fact, I have spent considerably more than \$10,000 to do it.

I have provided a system of sanitation that is perfect; every instrument is sterilized immediately after use.

I have adopted the most approved and successful methods for the prevention of pain in all dental operations.

The operating rooms are light, airy and attractive. There is not a dental instrument in sight.

The reception room is as comfortable and attractive as the finest parlor. You are invited to come and see it.

No Advance in Prices

Notwithstanding the extraordinary expense to which I have gone, I have made no advance whatever in my prices. In fact some of them I have reduced.

That has never been a part of my plan which is only to give my patients the best in comfortable surroundings as I have always given, them the best in service.

My Special Prices are as follows:

\$15 Gold Dust Rubber Plates . . .	\$7.50	Bridge Work, Per Tooth . . .	\$4.00
Regular \$8 Plates Full or Partial . . .	\$5.00	Teeth Filled . . .	50c Up
Gold Crowns	\$4.00	Painless Extraction . . .	50c

TAKES FILED FREDDIE WELSH

Champion Has Signed for
Bouts With Baldwin, Wol-
gast and White in That
Order.

BY JAMES J. CONNERT.
(Former Heavyweight Champion of
the World.)

New York, October 24.—(Special).—The newspaper lampooning Freddy Welsh and his manager have been subjected to practically every since the lightweight champion of the world returned to this country after winning the title has been serving the purpose of its authors, as Welsh has looked a series of matches which will keep him busy in the ring for some time to come.

Freddy's first start will be with Matty Baldwin, the veteran lightweight, twelve rounds to a decision in Boston next Tuesday night. Baldwin would give Welsh a good warm-up, and that is about all that is to be expected of him, as he will find it pretty hard to maintain the pace Welsh will set for twelve rounds.

Matty and Freddy are not strangers in the ring by any means, having met twice in the last three years. In the last bout Welsh won the full twenty rounds, with Baldwin the victor. In 1912, when Welsh was just beginning his sensational career, he fought Baldwin, then an experienced youngster of four years' experience in the professional ring, and the thing was about even-steven at the end.

It was one of those Philadelphia six-round, no-decision bouts. Welsh was expected to outpoint the veteran, but he had to depend greatly on his ring generalship to keep out of trouble, and with Welsh he will find it no easy task to pull the old stall stuff, for Baldwin is a wise bird, and will be right on top of the veteran from the first tap of the bell.

Welsh v. Wolgast.
Welsh's second trial may prove a harder task, still he has always managed to outpoint the veteran, and he will meet for ten rounds at Madison Square Garden November 1. Wolgast will meet Welsh in the same style, and Welsh will have to be on his guard, for Wolgast is a real fighter, and is an artist at the close work. Welsh will have to be on his guard, for Wolgast is a real fighter, and is an artist at the close work.

After Wolgast it will be Charley White, the champion of the world, and Welsh will have to be on his guard, for White is a real fighter, and is an artist at the close work. Welsh will have to be on his guard, for White is a real fighter, and is an artist at the close work.

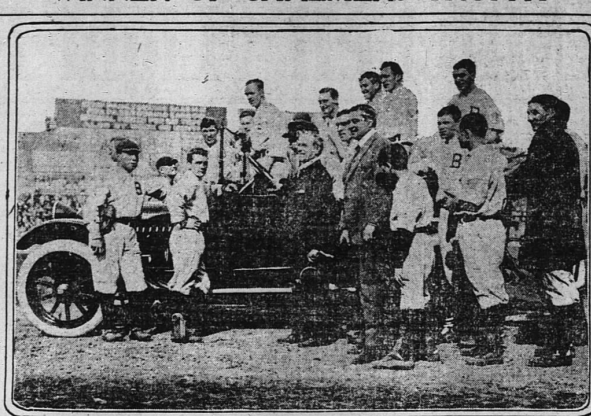

Draw Big Crowd.
The bout with Wolgast at the garden should draw an immense crowd. It will interest the sports because it will be the old story of the boxer against the slugger, and that always appeals to the fans. Wolgast is a real fighter, and is an artist at the close work.

FEDS ADJOURN. Discuss Financial and Legal Matters at Meeting.

New York, October 24.—The annual meeting of the Federal league adjourned tonight. "We spent the greater part of the day discussing financial and legal matters of a private nature," President Gilmore said afterwards. "I can say positively that the Federal league will continue its course with assurance as to its financial backing. The league circuit remains as last season, but if it is found desirable to make a change the executive committee will attend to that and, if necessary, another general meeting will be convened."

President Gilmore said he had received a list of twenty-five major league players from "Larry" Schaff, of the Buffalo club, all of whom were reported to be willing to go over to the new organization.

Powerful, Quiet, Simple. The Greatest Motor Car Value

The motor of the 1915 models is of the powerful Chevrolet valve-in-the-head type, with enclosed valves. The removable cylinder head gives instant access to valves and spark plugs; if necessary, pistons and connecting rods may be instantly removed through top of cylinder. The motor has brass-backed center and connecting rod bearings. Lubrication is especially efficient and positive. Individual oil pocket for each connecting rod dipper insure adequate lubrication at all times at these important points. The exhaust manifold, on the right side, is a single pipe outlet, and all back pressure is eliminated. The intake manifold is bolted to the left side of the head casting. Note the new specifications and then see and test for yourself this good car at a reasonable price.

which would greatly increase the total. Since the start of the fiscal Overland year in July, 11,400 cars had been shipped, up to and including October 15. This is an increase of 40 per cent over the shipments made during the corresponding period of last year, and is 40 per cent greater than those of two years ago.

"We submit these figures," declares John N. Willys, president of the company, "as tangible proof that, spite of the European war, the automobile business is better than ever."

"On October 15 the Willys-Overland company had on hand unfilled orders for \$4,500,000 worth of Overland cars, or one-third again as many as we had the same date last year. This is in spite of the fact that our daily shipments are larger than ever before, averaging over 300 cars per day. A force of 5,000 men is working in our Ford plant, and we are operating twenty-four hours a day in an effort to keep pace with the increasing demand for cars."

"Another encouraging feature is the fact that we are now shipping a daily average of more than \$1,000,000 worth of cars to foreign countries. Although our foreign business was practically at a standstill shortly after the mobilization of troops in Europe, it has gradually become better, until today it is practically normal again. The increase in Overland sales in other foreign countries is doing much to compensate for our loss of trade in the troubled sections of Europe. Since July 1 our sales abroad amount to 15 per cent of what they totaled during the same period last year."

"Considering the fact that shipments of cars to all the belligerent nations ceased entirely during August, this showing is highly gratifying."

"We attribute much of our recent success in this country to bumper crops and the large prices at which farmers have been able to sell their produce. Fully 40 per cent of all Overland sales are being made in the rural districts."

"The farmer has come to consider the motor car a practical necessity. The sale of automobiles continues today in spite of the war and the conditions it has created in America, because cars are bought on the same terms as other necessary articles."

"The doctors, merchants and men in all the cities are now investing their money in automobiles for the first time. The car that will give the best return on his investment is the one that makes a direct appeal to the business man. He did not get his money's worth in an automobile, he would put his dollars into something else."

PLAN BIG "FORD DAY" AT FOUR-COUNTY FAIR

One of the features of the Commercial Four-County fair, from October 28 to 31, will be Ford day. Wednesday, October 28, has been designated as the date on which the most popular used automobile ever built will be honored at the big fair.

A mammoth parade through the streets of Commerce and to the fair grounds will be held, the same to be participated in by owners of Fords in all the territory of northern Georgia. Invitations have been extended to five hundred owners, and responses have already been received. The parade will be the assurance that "you can trust me to make Ford day a success."

A representative of the Ford company's mechanical department will be there to give a lecture on the "Care and Operation of Fords." He will tell how they are made, explain every piece of mechanism, how it operates and will tell everything that is worth knowing about the car.

WAYCROSS AUTO FIRE APPARATUS PROVES O.K.

Waycross, Ga., October 24.—(Special.) A fire on the edge of the city yesterday demonstrated to the city the value of the recent improvements to the fire department. A blaze that might have wiped out a whole section was stopped with only slight damage. Chemicals carried by the city's auto apparatus enabled the firemen to fight the fire, no water being within reach.

CASTLE ENTHUSIASTIC OVER SHOW IN CHICAGO

Harley-Davidson Motor Company Exhibit Proved Huge Success, He Says.

Gus Castle, manager of the southern branch of the Harley-Davidson Motor company, returned last week from Chicago, where he has been attending the third annual motorcycle show, which, from all reports, was a huge success. Speaking of the show, Mr. Castle states that it was a great show and a successful show, both in interest, attendance and display. "One of the great surprises was the immense attendance of motorcycle dealers from all parts of the country," he said. "Judging from this attendance, one would hardly think there was any such thing as a war in Europe. The officials given and the interest taken indicated that the motorcycle business from all over the country is expecting from us a tremendous big business during the coming year."

"The attendance and sign spelled prosperity. The attendance of riders was given and the interest taken indicated that the motorcycle business from all over the country is expecting from us a tremendous big business during the coming year. The attendance of riders was given and the interest taken indicated that the motorcycle business from all over the country is expecting from us a tremendous big business during the coming year."

"As far as our own exhibit was concerned, the Harley-Davidson Motor company, it was a huge success. In all of the previous shows I have attended I never before saw such interest. Our booth was crowded from 10 in the morning until 10:30 at night, and the only way we could get the crowd out was to turn the lights off. It was the general verdict that the Harley-Davidson, in the 1915 models displayed, showed wonderful and marked improvements and the first three days of the show over 40,000 machines were sold by contract."

"The Harley-Davidson business during the past year closed with a 35 per cent increase over the previous year of 25 per cent, and is today the largest standard of the motorcycle field. Very fortunately was able to obtain a portion of the Chicago exhibit, which we have brought to Atlanta. Atlanta, Georgia, they are now on exhibit at 224 Peachtree street."

"We are showing cut-out sections of the three-speed, also cut-out sections of the new mechanical oiling device. Quite a number of people have seen and examined our line, and we can only see prosperity and a big business ahead for the coming year. Orders on hand for immediate shipment exceed those of the same time last year by over 250 per cent."

BUICK TIES UP WITH FIVE OTHER MACHINES

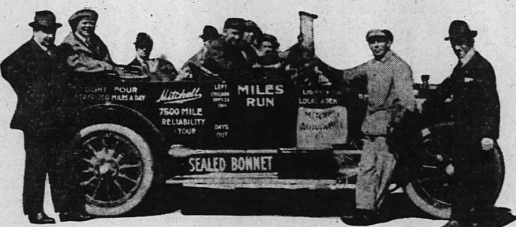

It Took Whim of Dame Fortune to Rob Buick in the Milwaukee Race.

In the contest for The Milwaukee Free Press trophy for the best reliability score, the Buick made a perfect score, and was tied with five others. In awarding this cup it was decided to engrave the names of the six cars tied for first place on the cup and draw lots for it. When it came to a matter of luck in the drawing, Dame Fortune did not smile on Emil Hokanson, the Buick driver. The cup went to Eddie Schank, who drove a Studebaker.

This score, however, only adds to an already long list of Buick victories and emphasizes the superiority of the Buick's fine-built motors and the high quality of construction and design in power, speed, economy, reliability and endurance.

Emil Hokanson, of the Hokanson Automobile company, Madison, Wis., has piloted the Buick through several Wisconsin victories. He says he was not the driving, but the car that should have all the credit for winning. He said the road the spectators showed by their demonstrations that the Buick had their good wishes and loyalty during the run.

Mitchell sealed bonnet seventy-five hundred mile thirty-day reliability car finished Pittsburg today in blaze of glory at twelve-ten, noon, front of Pittsburg Public Service Building. Speedometer registered 7,518.4 miles. Seals inspected and pronounced intact by Chief of Police Noble Matthews, Assistant Chief Bartley and two members of President Wilson's private bodyguard. Twenty-five Mitchell cars filled with representatives of Mitchell-Lewis Motor Co., Williams-Hasley Motor Car Co., newspaper, automobile and tire men. A tremendous ovation for this little car that has sustained every claim made by Engineer John W. Bate. Seals not broken. It would have been a shame. Engine was running more smoothly than day it left the factory. May send car to California before breaking seals. Drivers Hasley, Zirbes and Barnett cheered to the echo and in fine shape. Car will be special feature at Pittsburg Auto Show, in Mitchell booth. President Wilson's bodyguard, after seeing the Light Four, has selected a Mitchell Six for President Wilson's private car.

Note How Goodyears Dominate Every Street

Look About You—See How Men Regard Them

No need to tell you which tire serves best if you will simply look about you. Note how many men use Goodyears—men who want what you want. No other tire has ever won so many.

The quality tire—the sturdy tire—is told by this verdict of users. Men gravitate to it. And the trouble-savings which brought them will sometime bring you.

These Four are the most compelling reasons for using No-Rim-Cut tires:

They can be rim-cut. Countless blow-outs—due to wrinkled fabric—are saved by our "On-Air" cure.

Loose tread risk is reduced 60 per cent in a patent way.

Punctures and skidding are combated, as in no

other tire, by our double-thick All-Weather tread. Its efficient, smooth-running, enduring.

Not one of these features can be found in any other tire that's built.

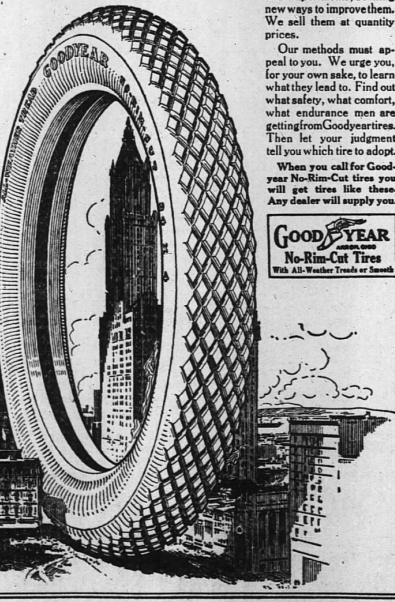

Compel Respect

Goodyear tires compel respect.

We spend fortunes on features which no one else employs. And we spend \$100,000 yearly in tests and experiments, seeking new ways to improve them. We sell them at quantity prices.

Our methods must appeal to you. We urge you, for your own sake, to learn what they lead to. Find out what safety, what comfort, what endurance men are getting from Goodyear tires. Then let your judgment tell you which tire to adopt.

When you call for Good-year No-Rim-Cut tires you will get tires like these. Any dealer will supply you.

agony and distress now! You can. Millions of men and women have found that headache or neuralgia misery is needless. Get what you ask for.

Dr. E. M. Neighbor, of Atlanta, was the next speaker, and he went into lengthy details of cattle raising. He said that Hall county, as a cattle section, equaled the hills of Scotland and England. the large goods and department stores. The big cities have inaugurated campaigns to stimulate the sale of goods so a demand may be put for cotton among the mills of the South. The federal government has taken up the wives of the cabinet officers, congressmen and other leading ladies. Senator La Follette, states the letter, with his family, is saving money by consuming, as far as possible, goods made in the United States. The different bureaus have contracts with the War Relocation Authority for the season, and both use the central school auditorium. However, arrangements have been made only with one school, and the teachers will receive free tickets. The first attraction of one course was given tonight, with the opening number of the course up to the school here for years will be given in November, when Senator La Follette will be in the city.

This trouble—but as this is not the first time I have been an easy mark for designing persons, I will grin and bear it—pretty soon, no doubt, I will come again with a new one, but I hope it will not be a scheme of some Birmingham fly-by-nights to get some easy Atlanta money."

Thanking you for your consideration, I am, very truly,

Lydia E. Pinkham's Vegetable Compound

Wonderful Case on the Pacific Coast.

INDEPENDENCE, OREGON.—"I was sick with what four doctors called Nervous Prostration was treated by them for several years, would be better for a while than back in the old way again. I had palpitation of the heart very bad, fainting spells, and was so nervous that a spoon dropping to the floor would nearly kill me, could not lift the slightest weight without making me sick; in fact was about as sick and miserable as a person could be. I saw your medicines advertised and thought I would try them, and am so thankful I did for they helped me at once. I took about a dozen bottles of Lydia E. Pinkham's Vegetable Compound and also used the Sanative Wash. Since then I have used them whenever I have felt sick. Your remedies are the only doctor I employ. You are at liberty to publish this letter."—MRS. W. STEPHENSON, Independence, Oregon.

A Grateful Atlantic Coast Woman.

HODGDON, ME.—"I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep. Then I would be so tired mornings that I could scarcely get around. It seemed almost impossible to move or do a bit of work and thought I never would be any better until I submitted to an operation. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and was fat and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your medicine."

—MRS. HAYWARD SOWERS, Hodgdon, Me.

For over 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs, it has restored so many suffering women to health.

If there is anything about your case that you do not understand write to **LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL)** LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

The Full Sweep of Our New York Purchases Is In! Your Critical Inspection Is Invited!

Women Assembling Winter Wardrobes Will Be Delighted With the Styles

New Suits! New Coats! New Gowns! New Blouses! All Approved by Fashion!

Three weeks ago our buyer went to New York. He wasn't seeking "jobs" nor "bargains." There was plenty of such "plunder" on the racks—our buyer wanted **STYLES**.

He found them, gave the makers sufficient time to re-produce them, and now—after three weeks—those new garments are here.

These new suits and gowns are not here "by the thousands." Rich's customers do not care to see their individual selection duplicated on every corner. But in each model there is sufficient variety so that every figure can be becomingly fitted with the minimum of alterations. We shall be pleased to show you these new garments whenever you are ready—preferably tomorrow.

More Than 200 New Suits Are Here to Sell at \$23.50 to \$29.50

BECAUSE most women prefer to pay about \$25 for their new suit, we have specialized around that price. At \$23.50, \$25 and \$29.50 you will find more than thirty different styles in

Redingote Coats College Coats Fur Trimmed Coats
Long Coats Basque Coats Braid Trimmed Coats
Short Coats Belted Coats Velvet Trimmed Coats

The leading style is the style you like best.

Broadcloth heads the fabrics; gabardines and serges follow.

Browns, greens, blues and black—all are equally good. Coats are silk, satin and Skinner satin lined.

Saleswomen trained in styles will help you make a pleasing selection.

In the Higher Priced Suits From \$35 to \$90

Women can choose from highly individualized models, scarcely any two alike.

75c Crepe de Chines 39c

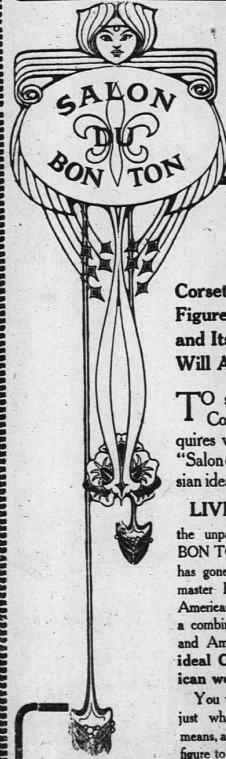

Silk and cotton fabrics of wondrous beauty—2 yards for the price of one—amazing values.

—Soft, lissome crepe de chine, delightful for dancing frocks—for negligees and house wear—for girls' dresses.

—Silk wedged to cotton; style combined with service, every yard fresh and crisp; buds, sprays and flowers in colors that rival nature. Scatter over solid grounds of blue (seven shades light to dark), greens, browns, gray, wistaria. 36 inches wide. Splendid 75c value at 39c.

75c Non-Shrinkable Flannel 39c

—A widely known flannel imported from England. Warranted fast colors and non-shrinkable. Highly desired for shirts, women's waists, children's dresses, pajamas, etc. Next plaids, checks and stripes, white grounds, light, dark and medium shades. 32 inches wide. 39c.
